

The application process explained.

- Once your deposit has been paid along with the referencing and credit check fees, we will send out references the same day if the appointment is before 5pm
- We generally allow 7 working days for the references to come back to us and start chasing your referee's after the 3rd day of the referencing process so you can expect an update by day 4.
- Your application may be halted if we have not received all documentation listed in the section entitled 'What do I need to bring to my deposit appointment check list' so please take the time to read this section carefully.
- You will be informed of the success of your application by day 7 verbally over the phone and written confirmation shall follow the same day.
